## **GRADUATE DEAN'S LIST**

In order to qualify for the Dean's List a graduate student must have completed 12 credits earned during one academic year (including the preceding summer) and maintained a 3.70 grade point average. To be eligible for the 2008-2009 Dean's List, course work would include Summer 2008, Fall 2008, and Spring 2009. Eligibility is coordinated through the offices of the Dean of Graduate Studies, the Vice President for Student Development, and the Vice President for Enrollment Management. Graduate students placed on the Dean's List will have an appropriate notation made on their transcripts.
