

ACADEMIC TRAINING FOR J-1 STUDENTS

What is Academic Training?

Academic Training (AT) is employment directly related to your field of study. AT is a good way for students to augment and enhance their academic studies with professional training while in the United States to study. Your J-1 program sponsor approves academic training. The information below is directed to students who are on John Jay's J-1 exchange visitor's program.

Am I eligible to participate in Academic Training?

If you are attending John Jay College in J-1 status, you are eligible to participate in AT if you meet the following requirements:

- You are in good academic standing and have maintained full time registration each semester.
- The proposed employment is directly related to your major field of study.
- Your proposed AT has been recommended by your academic advisor and approved by the J-1 Responsible Officer at John Jay College in writing before you begin AT.

When may I apply for Academic Training?

You may apply for AT in the following cases:

- While the school is in session, provided that you maintain full time enrollment in classes.
- During the school vacation, if you intend to register for the following academic semester.
- After completion of your studies, provided you have submitted your application for AT before the end of the final semester of your studies and your employment start date is within 30 days of your program completion date on your DS-2019.

For how long may I participate in Academic Training?

The total amount of time you may spend participating in AT depends on the duration of time you spend as a full time student. If you are enrolled as a **degree candidate**, you are eligible **for a cumulative total of 18 months** of AT. Any part-time employment for AT counts towards the total limit you are eligible.

Is Academic Training linked to a specific job with a specific employer?

Yes. You must have a specific job/internship offer in order to apply for AT. If you are already engaged in AT and wish to extend your employment beyond the date approved for the current AT, **you must receive a new authorization** for AT from the Office of International Studies & Programs **before your current authorization has expired**. You must also obtain a new authorization if you decide to change employers. In both situations you are required to follow the same process as the initial authorization of AT. Failure to obtain proper authorization will place you in violation of your immigration status.

What additional conditions apply to Academic Training?

Travel: If you plan to leave the United States after you complete your program of study and re-enter the country to do AT, you must obtain AT employment authorization **before you leave**; otherwise, you may have trouble re-entering the country. If you have been approved to participate in AT after the completion of your studies at John Jay, you are required to have an endorsement of your DS-2019 to travel outside the United States. Please contact the Office of International Studies & Programs before you make any travel arrangements.

Health Insurance: The United States Department of State requires that all J-1 students and their J-2 dependents have health insurance while in the United States. If you plan to participate in AT beyond the coverage date on your current insurance policy, you must extend your insurance policy to cover the entire period of your stay in the U.S. If you have been approved for AT, you must demonstrate to the Office of International Studies & Programs' satisfaction **before the start of the job/internship** that you have adequate insurance coverage; otherwise, approval for your AT will be rescinded.

Your insurance coverage must provide:

- Medical benefits of at least \$50,000 per accident or illness
- Repatriation of remains in the amount of \$7,500
- Expenses for medical evacuation to your home country in the amount of \$10,000
- A deductible not to exceed \$5000 per accident or illness

If health insurance coverage is not provided by your employer, you must purchase a health insurance plan for yourself and your J-2 dependents for the entire period of your AT.

Immigration Status after Academic Training: After the end date on your DS-2019, you will have **30 days** to do one of the following:

- Depart the United States.
- Transfer to another J-1 sponsor to begin a new program.
- Begin a new program of study at John Jay, if you qualify

How do I apply for Academic Training?

Here are the steps you need to follow to apply for Academic Training:

1. Obtain a job offer letter from your prospective employer including the following details (see attached template):

- Your job title
- A brief description of the goals and objectives of your AT (i.e., your employment)
- The specific beginning and ending dates of the job (AT may only be authorized for the length of the job offer)
- The specific location of the AT employment
- The number of hours you will work per week
- Your salary. **Please note:** All AT undertaken after completion of your studies must be paid unless you can demonstrate to the Office of International Studies & Programs evidence of your ability to support yourself while engaged in AT.
- The name and address of your direct supervisor while engaged in AT

2. Discuss the job training offer with your academic advisor. Complete the student section of the AT advisor recommendation form (attached) and ask your advisor to review it with you and sign it accordingly.

3. Once you have obtained your academic advisor's signed recommendation, make an appointment with the Office of International Studies & Programs and bring all the previously mentioned documentation.

4. Your J-1 Responsible Officer will evaluate the proposed employment and decide whether it is warranted and appropriate. If so, a new DS-2019 will be issued for Academic Training.

A note of caution: You may not begin your Academic Training until the Responsible Officer at John Jay College has given you the authorization. Working improperly or without authorization would result in the loss of benefits normally granted to J-1 students, and may result in termination of your J-1 status.
