When can you graduate?

The answer depends on:
1. How many transfer credits you have earned and if you have earned a prior degree
2. The major you choose
3. The pace at which you choose to study
   • 12 credits per semester = full-time for Financial Aid
   • 15 credits per semester helps you graduate faster
   • Max number of courses per semester:
     • 59 and under credits earned = 5 courses (15 credits)
     • 60+ credits earned = 6 courses (18 credits)
   • Speak to an Academic Advisor and Financial Aid representative when interested in winter or summer sessions
