Students can receive practical experience in forensic psychology by enrolling in PSY 378, which offers fieldwork placements in such settings as hospitals for emotionally disturbed offenders, prisons and agencies related to the family court or otherwise offering treatment services to youthful offenders.

Baccalaureate/Master's Program in Forensic Psychology. Qualified undergraduate students may enter the BA/MA Program and thereby graduate with both a bachelor's and a master's degree in forensic psychology. For additional information, contact Professor Chitra Raghavan, Department of Psychology (212.237.8417, bamadirector@jjay.cuny.edu).

Additional information. Students who enrolled for the first time at the College or changed to this major in September 2011 or thereafter must complete the major in the form presented here. Students who enrolled prior to that date may choose either the form shown here or the earlier version of the major. A copy of the earlier version may be obtained at the Office of Undergraduate Studies or at the Lloyd George Sealy Library.

FORENSIC PSYCHOLOGY (BACHELOR OF ARTS)

The Forensic Psychology major is designed for students who are interested in the relationship between psychology and the criminal justice system. The mission of the Forensic Psychology major is to enhance students' understanding of individual behavior, in terms of its biological, cognitive, social and emotional components and their interaction, and its effects on the broader community. Students will learn to employ an empirical approach to understand human behavior. The major prepares students for a number of careers and graduate work in psychology, social work, law enforcement, or other criminal justice professions.
