PROFILE

Hello! My name is Jagoda, and I am a senior in the Forensic Science major. My concentration in the major is criminalistics and I am minoring in biology. At the MSRC I tutor in CHE 103/104, and I also work at John Jay as an adjunct college laboratory technician (CLT) for general chemistry. In the future, I hope to become a certified technician and work at a criminalistics laboratory that may aid law enforcement. In my spare time, I hang out with my sphinx cat Ruby (the one in the picture with me). I also enjoy things like hiking, martial arts, and artsy projects like drawing or interior design. My main goal as a tutor is to help you improve your grade in a course by molding to your learning style. I became a tutor to not only aid people with common course problems but also to provide encouragement and moral support. Everyone sometimes needs to hear about the thing they are doing right in a course that may make you feel like everything you do may be wrong. I still struggle with that myself. So keeping this in mind I plan on helping and answering your questions to the best of my ability

COURSES SUPPORTED

- CHE 101, 102, 103, 104

AVAILABILITY

- MONDAY: 12:00 PM – 5:00 PM
- TUESDAY: 3:00 AM – 6:00 PM
