## PROFILE

Hey! I'm Sara Elshaer and I am an honors student majoring in Forensic Science and minoring in Biology. I am currently a rising Junior and I have a strong interest in Chemistry and Biology, especially in the use of crime-solving. I aspire to work in a lab in the future testing evidence from the police department for DNA or other things.

My favorite hobbies include content creating, watching crime shows, and knitting (such a grandma, I know). I really love animals and being outdoors.
