BOMR Refrigeration Recertification Course

Building Operation Maintenance and Recordkeeping Course
All refrigerating system operating engineers (RSEO) must complete a continuing education course in building operation, maintenance and recordkeeping from a Fire Department-approved continuing education program. This will ensure that operating engineers, who typically have other important responsibilities relating to building operation and maintenance, are familiar with applicable Fire Code requirements, which have undergone a comprehensive revision in 2008 and were revised again in March of 2014. This course is required of all Certificate of Qualification holders, including those that may currently not have a work location registered with the Fire Department. All Certificate of Qualification applications for renewal on or after January 1, 2016 must submit evidence of having completed such course. If you have a valid FSD CoF you do not need to take this class.

The Fire Science Institute will have class Tues, February 2, 2016 8:00AM-4:00PM. The cost of the course is $199.00 per student. A letter of completion will be issued that day to each student who receives 70% or higher on their final exam, so that they may make an appointment with FDNY to continue the process of certification. Class will be held at 555 W 57 St Rm 613. To register, fill out the application below, and mail it back along with a check or money order made payable to John Jay College of Criminal Justice, 524 W. 59th Street, Room 612 BMW, New York, NY 10019. or Fax to 212-237-8648. No confirmation will be sent unless requested and then an email address needs to be supplied. NO CASH ACCEPTED at classroom. You may pay cash at bursars office located at 524 W 59 St Rm L70. For further information please call 212-237-8650. Please bring #2 pencil to class for exam. Suggestion: Download study material on FDNY to read before classes at fdny.gov and go under CoF.

*Fill out the information below and mail it in along with payment. No confirmation will be sent.
