Active Shooter & Medical Emergency Preparedness

The 2014 Fire Code was also updated to cover non-fire emergencies, such as situations involving active shooters and medical emergencies. This rule requires persons applying for an FLS Director certificate of fitness to obtain training in these areas.

Beginning March 1, 2020, all occupancies currently required to be staffed by a Fire Safety/EAP Director or Fire Safety Director are required to be staffed instead by a person holding an FLS Director certificate of fitness. This rule sets forth the procedure and timeframes by which current Fire Safety/EAP Directors and Fire Safety Directors must transition to the new FLS Director certificate of fitness:

- Fire Safety/EAP Directors, who have been trained in non-fire emergencies, must complete an active shooter and medical emergency training course from an accredited training school (based on a curriculum recently developed by the Fire Department and the New York City Police Department) by the earlier of September 4, 2017 or the date of expiration of the Fire Safety/EAP Director certificate of fitness, in order to obtain their new FLS Director certificate of fitness. No Fire Department written or on-site (practical) examination will be required for active Fire Safety/EAP Directors who timely complete the active shooter and medical emergency training course.

- Fire Safety Directors, who do not hold the EAP certificate of fitness and have not been trained in non-fire emergencies, must complete an active shooter and medical emergency training course by the earlier of September 4, 2017 or the date of expiration of the Fire Safety Director certificate of fitness. Fire Safety Directors must thereafter complete a full course in non-fire emergencies by the earlier of September 3, 2018 or the date of expiration of the Fire Safety Director certificate of fitness. Fire Safety Directors may, if they wish, take the full course (which includes training in active shooter and medical emergencies) by the earlier of September 4, 2017 or the date of expiration of the Fire Safety Director certificate of fitness, instead of the two courses. Upon completion of the full course, Fire Safety Directors must apply for the new FLS Director certificate of fitness and complete the necessary written examination by the earlier of March 1, 2020 or the date of expiration of the Fire Safety Director certificate of fitness.

The certificates of fitness for Fire Safety/EAP Directors and Fire Safety Directors who do not comply with these requirements, or who fail the applicable FLS Director written examination, will be suspended and the holder may be required to apply as a new applicant.
First-time certificate of fitness applicants must comply with the new FLS Director certificate of fitness requirements, including attending and successfully completing an accredited course that includes fire safety and non-fire emergency training, and passing written and practical Fire Department examinations.

The below requirement is ONLY for students in possession of a CoF that is not up for renewal.

*The FDNY has mandated that the accredited school to personally submit a copy of students Certificate of Fitness number, a separate check or money order of $5.00 made payable to FDNY along with the address where the student would like their CoF mailed to. The check or money order of $5.00 must be submitted to us the day of class because the FDNY has a 24 hour window for us to deliver to headquarters. If not submitted on class day, your information for the fire department will be withheld until the next Active Shooter class.

**Dates:** Wednesday, Jan 11, Thurs Jan 26, Friday, Feb 3, Tuesday, Feb 21, 2017

More dates to follow. Check website [www.jjay.cuny.edu/fsi](http://www.jjay.cuny.edu/fsi) for class dates

**Price:** $115.00  **Time:** 8:30AM - 1:15PM  To guarantee seats, register online with credit card
