FALL 2015

WORKSHOPS & SEMINARS

The Center for Private Security and Safety is dedicated to the professionalization of the private security industry offering short-term segment training in both resident and online formats. By having the invaluable link between our academic resources and private security industries, the Center also publishes a peer-reviewed journal, produces relevant white papers, monitors and advises on changes to particular state industry mandates and contributes to the development of best practices for the private security industry at the local, state, national and international levels.

Advanced Terrorism Officer Training Course

This course is designed to prepare security and law enforcement professionals for assignments involving the protection of facilities against terrorist attack. This program provides a detailed exploration of contemporary terrorist methods and essential skills and knowledge that all anti-terrorism personnel should possess.

Learning Objectives:

- Recognizing risks associated with contemporary terrorism including an in-depth understanding of contemporary terrorist modus operandi.
- Identifying general security requirements essential to reducing terrorism related risk.
- Implementing Operations Security (OPSEC) and protective counterintelligence principles to impair terrorists’ ability to gather target intelligence.
- Designing performance-based physical security programs as applicable to anti-terrorism.
- Screening and searching entrants at facility and building entry points, such as using technical aids for conducting search and screening.
- Identifying hazardous devices, possible device components, and including: device deliveries and recognizing indications of chemical or biological attack.

Event Date: Tuesday, October 27 - Thursday, October 29, 2015
