SYMPOSIUM ON CAREER TRANSITION: FROM PUBLIC SAFETY TO THE PRIVATE SECURITY INDUSTRY

Often employees encounter issues when transitioning between the public and private sector. This symposium will demonstrate how an individual can successfully transition themselves between the public and private sectors. The symposium will cover the steps and processes to a successful, rewarding transition by highlighting the following topics:

The first part of the Symposium will cover these topics:
1. Matching Public Service Experiences with Private Sector Opportunities
2. Identifying Career Opportunities in the Private Sector for former Public Service Professionals

The second part of the Symposium will stress the set-up of a business by:
1. Identifying Licensure and Regulatory Requirements for Individuals, Consultants, and Security Business Owners
2. Demonstrate Complimentary yet Distinct Differences in Professional Approaches employed by Public and Private Sector interests
4. Highlight Revenue and Income Potential from a Successful Transition
