The Center for Private Security and Safety is dedicated to the professionalization of the private security industry offering short-term segment training in both resident and online formats. By having the invaluable link between our academic resources and private security industries, the Center also publishes a peer-reviewed journal, produces relevant white papers, monitors and advises on changes to particular state industry mandates and contributes to the development of best practices for the private security industry at the local, state, national and international levels.

Political Cybercrime Training

This training focuses on political cybercrimes: namely, hack-tivism, cyber espionage, cyber warfare and cyber terrorism. These terms have been erroneously used interchangeably by media, practitioners, governments, and academicians. This training segment clearly delineates the differences between them, focusing on the nature and extent of these crimes. It further examines the current security measures in place to protect against these threats and those that are needed to effectively counter them.

Event Date: Friday, December 4, 2015
Time: 9am—4pm
Location: 445 West 59th Street - Room 2200A
Seminar Fee*: $175, ($165 for John Jay students, alumni, faculty & staff)

*Please make all payments to the College’s Bursar’s Office located at 524 W 59th Street, Room L70
New York, NY 10019
