Students select five electives from Gender Studies-designated courses and may substitute a semester-long internship in a gender-related field or an approved Independent Study with a GS faculty (GEN 389) for one elective. To ensure that students are exposed to significant and significantly different approaches to thinking about gender and sexuality, students must take at least one course in each of the following categories:

**Honors Option:** To receive Honors in Gender Studies, a student must complete an extended senior thesis during their senior year (two semesters) while achieving a 3.5 grade point average in their major courses and an overall GPA of at least a 3.2. Eligible students may enroll in the honors track as upper juniors (having accumulated at least 75 to 90 credits) by meeting with the Gender Studies Director.
