Fierce Advocacy Organizing 101

At John Jay College, our motto is that students are "fierce advocates for justice" in training. But what is advocacy? What is collective power? How do we strategize for social change? Prof. Crystal Jackson invites you to learn about and practice tips and tools on the many ways to create positive change in the world. Using the #YouthActivistToolkit from advocatesforyouth.org, you will explore your sense of self as a “fierce advocate for justice.” Examples from #BlackLivesMatter, reproductive justice, and immigrant rights will be provided to inspire, guide, and educate.

NEW DATE

**WED, OCTOBER 28 / 1:40-2:55PM**
