

Good Morning Everyone,

Here is a list of our upcoming workshops for next week

Dates	Workshop titles
Tuesday, March 28th Time: 1:30 – 1:55pm L2.72.10NB	Scanner – using an App to Scan documents (Part 1) Tired of looking or waiting for an available scanner? Come to this demo session and learn how you can scan documents using your smart phone or tablet to quickly create professional looking PDFs that you can then save and share.
Wednesday, March 29th Time: 1:45 – 2:45pm L2.72.09NB	Creating an Interactive Web Page using Wix This session will allow you to learn about WIX. The Webpage application allows a user to create interactive webpages without the knowledge of coding or graphic arts knowledge. If you have ever wanted to learn how to make your own webpage, WIX is the application for you.

If either you, a friend or a colleague of yours is interested in attending one or both sessions kindly email me back to inform me which one you would like to attend so that I may enroll you into the session (s). We look forward to seeing you.

Spread the word about the workshops...

All are welcome to attend!

Please feel free to contact me if you have any questions via:
