

## A LETTER FROM THE DIRECTOR

Dear Families,

In just a short while our staff and I will be welcoming you to our brand new Children's Center. This will bring excitement of new beginnings in a wonderful state of the art building. Our brightly lit space will offer educational programs for infant and toddlers and pre-schoolers. The strength of our program is the dedication, expertise, and experience of our staff. They help to create a warm and caring environment that fosters each child's ability to learn about themselves and to help inspire their creativity and positive self-image.

Your child's journey will be a special one...coming to school with you! They will learn so much with us and make wonderful new friends. There will be so much to do...cook, paint, draw, dance, plant, build tunnels and bridges, and so much more.

With so many parents attempting to balance work, school, studying, and family demands, I understand how child care will be an absolute necessity for you. Thank you for trusting us with the most important people in your lives.

We look forward to being a part of the growth of your child and welcome your participation.

With Fondest Regards,

Leila Rivera Reyes  
Director

*"It's not only children who grow. Parents do too. As much as we watch to see what our children do with their lives, they are watching us to see what we do with ours. I can't tell my children to reach for the sun. All I can do is reach for it myself." ~Joyce Maynard*
