Fall 2022 Fact Book John Jay College of Criminal Justice

The Office of Institutional Research is pleased to present the Fall 2022 John Jay College of Criminal Justice Fact Book.

The data presented herein reflects the John Jay College student population in their journey towards earning their credentials if degree- or certificate-seeking. Metrics such as retention rates, graduation rates, credentials awarded reflect activity of John Jay College "home" institution students while at John Jay College. "Home" institution students are those students whose primary college of enrollment is John Jay (i.e., excludes permit-ins).

All of the data in this Fact Book are extracted from the CUNY Institutional Research Database of the Office of Institutional Research and Assessment, Office of the Vice Chancellor for Budget, Finance, and Information Services, The City University of New York.

Since fall 2021 SAT scores are unavailable. SAT scores are no longer required for new freshmen admission to CUNY schools. Therefore, they are unavailable for reporting.

¹ Data represents John Jay College "home" students only.

² Total calculations are based upon an unduplicated headcount. Students in dual degree programs (e.g., BA/MPA) are only counted once, at the level and program they are in as of that fall term.

³ Credential-seeking undergraduate students is defined as any undergraduate seeking an associates, bachelors or certificate.

⁴ Excludes internal transfers which are reported under "continuing" students.

¹ N values reflect an unduplicated headcount of all first-time, baccalaureate degree-seeking freshmen (no associates, certificates or non-degree) that enrolled at John Jay College as their "home" institution in the fall term whether or not they submitted SAT and/or CAA scores. (Fall 2022 no SAT score available per CUNY policy.)

² N values reflect a sub-cohort; first-time, baccalaureate degree-seeking freshmen (no associates, certificates or non-degree) that enrolled at John Jay College as their "home" institution, in the fall term, and submitted SAT scores.

³ UAPC is no longer processing admissions data codes for the colleges to use. "Conditional Admit" is no longer reportable as of Fall 2019.

⁴ N values reflect a sub-cohort; first-time, baccalaureate degree-seeking freshmen (no associates, certificates or non-degree) that enrolled at John Jay College as their "home" institution, in the fall term, and submitted CAA scores.

¹ Ns reflect an unduplicated headcount of John Jay College "home" institution students, that entered in the fall term indicated, as either a first-time freshmen or new transfer (excludes internal transfers), seeking a bachelors degree (no associates, certificates or non-degree).

² "New transfers" excludes internal transfers.

³ Cohort N reflects consecutive John Jay College "home" institution enrollment (i.e., those that enrolled at John Jay College in the spring term, immediately following the fall term of entry), and subsequently took courses in the summer term (at any CUNY institution) following the spring term.

⁴ "Regular Admit" is defined as excluding ESL and SEEK students; "Conditional Admit" is defined as students that are not full admit status at the start of the first term enrolled.

⁵ Cohort represents only first-time, full-time, baccalaureate-seeking John Jay College "home" Institution enrollment in the spring term at John Jay College immediately following the fall term of entry. Students enrolled earning zero credits are included in the dataset and credit hours average calculation. Average credits are computed for the full 12 month enrollment period (i.e., fall, spring, summer) whether or not the student chose to enroll in summer term courses at John Jay College or another CUNY institution for credit.

¹ Data represents a duplicated headcount of master's degree-seeking John Jay College "home" institution students that entered John Jay College as new graduate students (excludes graduate transfers). Disaggregated program numbers may not sum to totals due to the existence of "unclassified" student enrollments at the time of cohort establishment.

² Data represents a duplicated headcount of masters degree-seeking John Jay College "home" institution students that graduated within 4 years of fall term entry with any master's degree in any major.

³ Due to a data entry issue at the time of program enrollment, some Forensic Psychology MA/JD program students are being mistakenly "enrolled" under the Forensic Psychology MA program codes, only to be corrected later, upon attainment. As a result, the data for these two majors needs to be interpreted with caution.
