## Welcome Message from Interim Provost Allison Pease

Welcome to the Office of the Provost at John Jay College website, a gateway to learning about activities and operations in Academic Affairs. As Provost and Chief Academic Officer, it is my goal to ensure we achieve our mission to educate for justice and advance the knowledge that builds and sustains just societies. I am proud to serve as the CAO for our distinguished and innovative faculty, to foster their exciting teaching and research, and to safeguard for our deserving students a foundational education that increases diversity in the workplace and advances justice everywhere.

Academic Affairs includes the Offices of Undergraduate Studies, Graduate Studies, Research, the Associate to the Provost for Faculty, Professional Studies, and Institutional Effectiveness. The Office of the Provost works collaboratively across all divisions of the college to increase student retention, graduation, and post-graduate success, and to ensure that we fulfill the academic mission of John Jay.

It is an honor to represent Academic Affairs. Please feel free to reach out to me with your questions and thoughts.

Best,

Allison  
Interim Provost & Vice President of Academic Affairs
