Each application shall be reviewed by two panel members.

Amend Article 15.4(c)

- 1 Employees in the Higher Education Officer ("HEO") who are non-exempt under the Fair Labor Standards Act ("FLSA") will receive compensatory time for the hours assigned between thirty-five (35) and forty (40) hours, on an hour for hour basis, and will receive payment, instead of compensatory time, at the rate of time and one half for hours worked in excess of forty (40) hours in a week.

Employees in the HEO series represented by the PSC who are exempt under the FLSA will receive compensatory time, on an hour for hour basis, for hours assigned in excess of thirty-five (35) hours in a week.

- 2 Eligibility for Overtime and Compensatory Time

Assigned overtime hours are hours a HEO series employee is assigned and approved to work in excess of their usual 35-hour workweek to perform their regular responsibilities or to work on a specific project in addition to their normal responsibilities. For example, when a supervisor assigns an employee in the HEO series to work for three hours on a Saturday in addition to their regular Monday to Friday 35-hour workweek.

To the extent possible, the supervisor shall provide the employee with 48 hours' notice of the assigned overtime. Assigned hours beyond the 35-hour workweek must be authorized in advance in writing by such administrator(s) as designated by the College President, and the employee's time records must reflect the additional hours worked. In cases where it is not practical to provide such advance notice and/or advance written authorization (*i.e.*, an emergency) such notice and/or authorization shall be provided thereafter as soon as it is practicable to do so by such administrator(s) as designated by the College President.

- 3 Use of Compensatory Time

Represented HEO-series employees shall be given quarterly statements of compensatory time accrued and/or taken.

Compensatory time earned during a quarter of the contractual HEO-series "leave year" (September 1 - August 31) shall be scheduled to be used as promptly as possible within the quarter, but no later than

30 calendar days after the end of the quarter in which the compensatory time was earned. The use of compensatory time shall be scheduled by the supervisor, in consultation with the employee.

In the event a supervisor is not able to schedule the compensatory time or any part thereof within the timeframes of 3b, any such compensatory time shall be either be (1) carried over up to a maximum of 60 days until such time as it can be used or (2) upon mutual agreement of the employee and the college, paid out at the employee's current rate of pay.

Accrued Annual Leave Usage Extension

Replace Article 14.9

14.9 It is the intention of the parties that all employees use their annual leave time within the annual leave year (September 1 through August 31) in which it is earned. In order to realize this objective, the parties mutually agree as follows:

- (a) Effective August 31, 1988, the maximum accrual of annual leave for members of the non-teaching instructional staff shall not exceed forty-five (45) working days as of December 31st of any year; provided, however, that any staff member who as of August 31, 1987 has accumulated annual leave in excess of forty-five (45) working days shall have a personal accrual maximum equal to the number of days accrued as of August 31, 1987. The annual leave balance in excess of forty-five (45) working days or in excess of the personal accrual maximum as of August 31, 1987 (hereinafter "excess days"), will be deducted from the employee's accrual balance on each December 31st, at the close of business, unless the procedure set forth below has been followed:

1. Not later than March 1st of each year, any employee who will, as of August 31st of that year, have excess days, unless sufficient annual leave time is taken prior to August 31st, shall submit to the head of the office a minimum of two alternatives to use the excess days before December 31st.

2. The head of the office shall respond to the employee's written request within thirty (30) calendar days by either (1) approving the employee's request to use the excess days prior to December 31st or (2) providing a minimum of two alternatives to use the excess days by December 31st.

3. In the event the head of an office does not provide a timely response in accordance with (2) above, the employee may submit a written request consisting of a minimum of two alternatives to use the excess days before December 31st to

the senior executive(s) designated by the President of the College. The senior executive designated by the college President shall respond to the employee's written request within thirty (30) calendar days by either (1) approving the employee's request to use the excess days prior to December 31st or (2) providing two alternatives to use the excess days by December 31st.

1. If the head of the office and the senior executive(s) designated by the College President do not respond in accordance with (2) and (3) above, any excess days not taken prior to December 31 shall be carried over into the following leave year and must be used by December 31st.

2. If the department head or the senior executive(s) designated by the College President responds in accordance with (2) and (3) above, any excess days shall be deducted from the employee's accrual balance on December 31st.

This procedure shall not preclude an employee from submitting alternative requests or a department head from offering alternative options for taking the excess days prior to December 31st. However, if no alternative option is agreed upon and the department head or head of the office has provided the minimum two alternatives referenced in paragraphs 2 and 3, any excess days shall be deducted from the employee's accrual balance on December 31st.

The committee's discussions shall include, but not be limited to, the following issues: artificial intelligence; technology training; instructional design; and the impact of online teaching modalities on the terms and conditions of employment. considered for a successive 2-year appointment and provide documentation satisfactory to the college's Office of Human Resources of having worked the deficit in contact hours. The college shall determine whether the adjunct satisfies the exception for consideration for a two-year appointment and shall notify the adjunct whether they are eligible to receive consideration for such appointment.

Colleges and/or departments shall have no obligation to identify or assign work to an adjunct assigned fewer than six (6) contact hours in a semester during a 2-year appointment.

- b. A Department P&B, Department Chair and College President or their designee [e.g., Provost or Dean] may consider teaching adjuncts otherwise disqualified from consideration for a successive 2-year appointment under Paragraphs 3(b)(2) in accordance with Paragraph 6. Any such consideration or appointment is at the discretion of the college and is not subject to review under Article 20.
2. Exception to Paragraph 3(b)(3) – Declination of Assignment

An adjunct serving in a 2-year appointment may seek to be excused for up to one (1) semester from Paragraph 3(b)(3)'s requirement upon the submission of documentation satisfactory to the college's Office of Human Resources establishing the need for such owing to 1) the adjunct's own illness; 2) the need to care for an ill member of the adjunct's immediate family; 3) the need to care for a newborn child or a newly adopted child, adopted at up to five (5) years of age; or 4) receipt of an academic grant or fellowship that involves full-time commitment or absence. If approved, such one-semester break in service shall not serve to disqualify the adjunct from consideration for a successive 2-year appointment under Paragraph 3(b)(3).

4. 2-Year Appointments Requirements

To receive a 2-year appointment, an adjunct who satisfies the service and workload eligibility requirements in Paragraph 2 must receive the positive recommendations of (1) the Department Chair, (2) the Department P&B, and (3) College President or their designee [e.g., Provost or Dean].

The Department P&B's recommendation shall be based on an assessment of the adjunct's performance in accordance with Paragraph 5.

The recommendations of the Department Chair and College President or their designee [e.g., Provost or Dean] shall be based on (a) an assessment of the adjunct's performance in accordance with Paragraph 5 and (b) an assessment of the continuing need for the position in accordance with Paragraph 6.

5. Assessment of Performance

In assessing the performance of an eligible adjunct, the Department P&B and Department Chair

and/or College President or their designee [e.g., Provost or Dean] shall review the adjunct's performance for a minimum of the two academic years preceding consideration for an initial or successive 2-year appointment.

The P&B, Department Chair, and/or President or their designee [e.g., Provost or Dean] may consider prior performance as they deem appropriate.

The assessment of performance shall, at a minimum, consist of a review by the Department P&B, the Department Chair and/or President or their designee [e.g., Provost or Dean] of a 50-minute teaching observation conducted within the two (2) academic years preceding an initial or successive appointment.

During a 2-year appointment, the adjunct shall follow existing departmental policies regarding student evaluations.

The performance assessment criteria and the weight accorded to each by the P&B, Department Chair, and/or College President or their designee [e.g., Provost or Dean] in the consideration of an eligible adjunct's appointment is an exercise of academic judgment not subject to review under Article 20.

6. Assessment of the Continuing Need for the Position

In assessing the continuing need for a position, the Chair and the College President or their designee [e.g., Provost and Dean] shall conduct an assessment of:

- a. the programmatic needs of the department or college (e.g., (1) sufficiency of registration - past, current and anticipated enrollment numbers in the adjunct's department, or specific discipline; (2) the number of course sections anticipated to be offered in the department/discipline and its sub-areas that require particular expertise to teach, in the next and succeeding semesters vis-à-vis the numbers offered in prior semesters; (3) courses that have been or are slated to be eliminated in the adjunct's department/discipline; the adjunct's experience and qualifications to teach the courses that are being offered; (4) the need to give priority to full-time faculty, graduate assistants and adjuncts in the middle of 2-year appointments under the new pilot program or 3-year appointments under the expired Appendix E pilot program in the scheduling of courses, including the need to assign courses to full-time faculty returning from leave and to newly-hired full-time faculty; (5) the requirements with regard to the ability to teach co-requisite courses; (6) material modification of a program and/or changes in curriculum; and (7) and/or changes in department staffing (e.g., anticipated full-time faculty hires); and
- b. the availability of funding in the department or college that impacts the operation of the department.

The criteria and the weight accorded to the assessment of continuing need for the position by the Chair and the College President or their designee [e.g., Provost or Dean] is an exercise of academic

judgment not subject to review under Article 20. Such judgment includes the determination of which courses to offer, the number of sections to offer per course, and the determination of who shall teach a course/section.

7. Appointment/Nonreappointment Notification

Adjuncts eligible for a 2-year appointment shall be notified of their appointment or nonreappointment on or before June 15.

8. Status of Eligible Adjuncts not appointed/reappointed to or waive consideration/decline 2-year appointments.

a. Teaching Adjuncts Not Appointed/Reappointed to 2-Year Appointment – One Academic Year Waiting Period

An eligible adjunct who is not appointed or reappointed to a two-year appointment for reasons other than unsatisfactory performance remains eligible and may be considered, at the discretion of the college, for a 2-semester appointment for the academic year following the nonreappointment (e.g. an eligible adjunct not appointed or reappointed to a 2-year appointment in the Fall of 2025 may be considered for a 2-semester appointment in Fall of 2026). Any such consideration or appointment is at the discretion of the college and is not subject to review under Article 20.

Adjuncts appointed to such a 2-semester appointment shall be notified of the appointment by June 15. Such notification of appointment shall be subject to sufficiency of registration and changes in curriculum which shall be communicated to the employee as soon as they are known to the appropriate college authorities. If the adjunct is assigned six (6) contact hours per semester in a department during the 2-semester appointment, the adjunct shall be eligible for and must be considered for a 2-year appointment, in accordance with Paragraph 3.

b. Voluntary Written Waiver of Consideration for or Declination of a 2-Year Appointment

By written notice to a Department Chair, an eligible adjunct may voluntarily waive consideration for or decline an offer of a 2-year appointment. Such written notice of a waiver or declination of a 2-year appointment shall be provided to the college's Office of Human Resources and the PSC Department of Contract Enforcement prior to June 15. During the term of the waived or declined 2-year appointment, the adjunct shall remain eligible and may be considered, at the discretion of the college, for consecutive 2-semester appointments. Any such consideration or appointment is at the discretion of the college and is not subject to review under Article 20.

Adjuncts appointed to such 2-semester appointments shall be notified of the appointment by June 15. Such notification of appointment shall be subject to sufficiency of registration and

changes in curriculum which shall be communicated to the employee as soon as they are known to the appropriate college authorities. If the adjunct is assigned six (6) contact hours per semester in a department during the waived or declined 2-year appointment, the adjunct shall be eligible for and must be considered for a 2-year appointment, in accordance with Paragraph 3. Any additional waivers or declinations of appointments by the adjunct shall be treated as a non-reappointment and subject to Paragraph 8(a).

9. Minimum Contact Hour Requirement During 2-year Appointment

- a. During the term of a 2-year appointment, an adjunct shall be assigned a minimum of six (6) classroom contact hours in their department or credit bearing courses in academic programs (in accordance with Paragraph 2(d)) in each semester during their 2-year appointment but shall have no entitlement to a particular course/courses or schedule. The department chair shall have the final authority in the exercise of academic judgment to determine who will be assigned to teach which courses and when the courses will be offered.
- b. If an adjunct declines to teach a course as assigned by a department chair during a 2-year appointment, the 2-year appointment shall be voided. Four (4) unauthorized latenesses of fifteen (15) minutes or more in an assigned course shall constitute a declination. The declination shall also constitute a break in service for eligibility for 2-semester and 2-year appointments. An adjunct whose appointment is voided because of a declination may be considered, at the discretion of the college, for consecutive 1-semester appointments.

Any such consideration or appointment is at the discretion of the college and is not subject to review under Article 20. Adjuncts appointed to such 1-semester appointments shall be notified of the appointment on or before June 15 for the Fall Semester and on or before December 1 for the Spring Semester. Such notification of appointment shall be subject to sufficiency of registration and changes in curriculum which shall be communicated to the employee as soon as they are known to the appropriate college authorities.

- c. Notwithstanding Paragraph 9(b), an adjunct serving on a 2-year appointment may seek to be excused for up to one semester upon the submission of documentation satisfactory to the college's Office of Human Resources establishing the need for such owing to 1) the adjunct's own illness; 2) the need to care for an ill member of the adjunct's immediate family; 3) the need to care for a newborn child or a newly adopted child, adopted at up to five (5) years of age; or 4) receipt of an academic grant or fellowship that involves full-time commitment or absence.
- d. Exception to Minimum Contact Hour Requirement

A department or college may assign less than six (6) teaching contact hours to adjuncts on 2-year appointments (including adjuncts with an appointment under the expired Appendix E pilot) when there are changes in the programmatic needs or the availability of funding in the department/college during the term of the appointment that prevent the assignment of six (6)

teaching contact hours. Such a reduction in hours is subject to and shall require (1) an assessment of the continuing need for the position in accordance with Paragraph 6 and (2) notification to the adjunct prior to the start of the semester in which they will be assigned less than six (6) contact hours.

An adjunct whose appointment falls below six (6) teaching contact hours in a semester during a 2-year appointment due to changes in the programmatic needs or fiscal ability of a department or college shall, with the exception of the maintenance of health insurance benefits for one (1) semester, forego the salary and benefits or other rights to which an appointment of six (6) contact hours would entitle them.

e. Maintenance of Health Insurance for one (1) Semester:

Adjuncts who receive their primary health insurance through CUNY by virtue of a 2-year appointment and assigned less than six (6) contact hours during the term of a 2-year appointment will be eligible to enroll in COBRA and maintain their health insurance benefits at no cost for one (1) semester of the 2-year appointment. To qualify, the adjunct must submit all required documents in a timely manner according to the procedures communicated by the college Office of Human Resources.

10. Time off for Personal Illness/Emergency

Adjuncts on two-year appointments will earn three (3) hours per year of personal illness/emergency leave for each 3-credit course taught in a semester (or prorated amount for courses of less than or more than 3 credits), up to a maximum of twelve (12) per year. Such personal illness/emergency leave hours may accrue up to a maximum of twenty-four (24) contact hours. Adjuncts who are reappointed to a 2-year appointment may carry over up to twenty-four (24) contact hours of leave. An adjunct is not entitled to carry over the leave to an appointment other than a 2-year appointment, nor is an adjunct entitled to receive a payout for unused days.

Adjuncts eligible for consideration for a 2-year appointment under Paragraph 2(a)(1) and 2(a)(2) shall be eligible to carryover up to twenty-four (24) contact hours of leave to an initial and successive 2-year appointments.

11. Disciplinary Procedures

Adjuncts who receive 2-year appointments continue to be subject to discharge for just cause, subject to the Grievance and Arbitration article (Article 20) and not to Article 21 of the collective bargaining agreement.

- b. Appeals of Grievances under Article 20.4 to Step 3 must be submitted by the PSC.
- c. The remedies for violations of this Article shall be limited to material violations of its terms; harmless error shall not warrant a remedy.

PSC-CUNY Paid Parental Leave Policy

1. **Eligibility** - Full-time employees¹ who have a minimum of one year of service with CUNY² are eligible for a continuous leave of absence once every 12-month period to care for and bond with a newborn child or a newly adopted or fostered child, adopted or fostered at up to five years of age, not to exceed twelve weeks.
2. **Commencement of Leave** - Employees covered under paragraph 1 above are eligible for twelve consecutive weeks of paid parental leave, which must be taken immediately upon the child's birth or adoption, or foster placement of the child,³ except as follows:
 - a) For the birth parent, paid parental leave shall commence immediately upon the expiration of approved use of temporary disability leave related to childbirth.
 - b) Paid parental leave may be taken prior to the birth when deemed medically necessary for the birth parent, and the birth parent does not have sufficient temporary disability leave to cover that period.
 - c) Paid parental leave may be taken prior to the adoption of or foster placement of the child when necessary to fulfill the legal requirements for an adoption or foster care (e.g., foreign travel).
 - d) For eligible couples in the bargaining unit who work in the same department at the same college, the parental leaves may not be taken concurrently (or concurrently with the birth

³ Reference to "adoption" shall be understood to mean the formal placement of a child with the employee for adoption.

mother's period of disability leave, if any), but must be taken consecutively. The couple would be eligible for two consecutive leaves limited to a combined total of 21 rather than 24 weeks. In no event may either parent take a leave of more than twelve weeks. The couple may appeal to the President of the College for permission to take the leave concurrently. The decision of the President is final.

3. **Scheduling Options** - Full-time classroom teaching members of the Instructional Staff (hereinafter "teaching faculty" or "faculty")⁴ may elect one of the options below in lieu of taking twelve weeks of paid parental leave immediately following the birth, adoption, or fostering of a child (or immediately following the expiration of approved use of temporary disability leave for the birth parent), as set forth in paragraph 2 above. The election shall be made at the time they file their notice of intent to take paid parental leave.
- a) They may elect to receive 9-contact hours release to be take in any combination during the semester of the birth and/or following semester.
 - b) In the event there are five or fewer weeks remaining in the semester at the time the faculty member becomes eligible to take paid parental leave (*i.e.*, upon the birth or adoption of the child or upon the expiration of the approved temporary disability leave for the birth mother), he/she may elect to take paid parental leave for the remainder of that semester and to receive a 6-contact-hour release in the next semester; if the faculty member does not so elect, she/he will be entitled to take the remaining weeks of paid parental leave (*i.e.*, up to the full twelve weeks) in the next semester.
 - c) A faculty member who becomes eligible for paid parental leave during the period of annual leave as set forth in section 14.1 of the PSC/CUNY collective bargaining agreement may elect either i) to take twelve weeks of paid parental leave commencing effective with the first day of the Fall semester following the period of annual leave (or at the expiration of the approved period of temporary disability leave for a birth mother, to the extent that such period extends into the Fall semester), or ii) to receive a 9-contact-hour release in any combination to be taken in the Fall semester following the period of annual leave and/or in the following Spring semester, or receive the equivalent of 9-contact hours release over the course of both semesters. The scheduling option is subject to the

⁴ It is understood and agreed that the provisions of this policy pertaining to teaching faculty also apply to faculty counselor approval s hired of prior to September 1, 1998.

- c) It is the intention of the parties that a faculty member not be on leave for two semesters; faculty, accordingly, are encouraged to utilize the course release options in subparagraphs (a) through (c) above, as appropriate.
4. **Notice** - The employee is required to give notice of his/her intent to take paid parental leave by filing an application form at least 90 days prior to the expected due date of the baby or 90 days prior to the expected placement of the child with his/her adoptive or foster parents; in the event that the adoption or foster placement date is not known 90 days in advance, the application must be filed as soon as the placement date is known to the parent. The employee must file the application form with the Director of Human Resources, after obtaining the signature of his/her department chair or unit head.
5. **Service Credit** - As with other paid leaves, the period the employee is on paid parental leave will count as service. However, an employee in a title eligible for tenure, a Certificate of Continuous Employment ("CCE"), or a Certificate of Continual Administrative Service ("CCAS" or "13.3b") who does not yet have tenure, a CCE, or a 13.3b appointment, who takes a paid parental leave during his/her first six years of service (four years for CLT series employees and Lecturers) may, at his/her discretion, elect to have the period of the leave serve as a bridge, in the same manner as does unpaid child care leave taken under section 16.9 of the PSC/CUNY collective bargaining agreement. While the eligible employee may discuss his/her options with his/her department chair or unit head prior to the birth or adoption, the election itself may not be made in advance of the birth or adoption. An eligible employee choosing to exercise this option must notify his/her department chair or unit head and the Director of Human Resources, in writing, within 90 calendar days following the birth or adoption. No election may be made following the expiration of the 90-day period, and once an election is made, it is irrevocable. The election option is no longer available on or after June 1st of the year preceding the academic year (September 1st - August 31st) for professorial series employees, lecturers, and CLT series employees, or the fiscal year (July 1st - June 30th) for HEO series employees, during which the tenure/CCE/13.3b decision must be made ("decision year"), as applicable. An employee who becomes eligible for a paid parental leave on or after June 1st of the year prior to the decision year will not be eligible for the above-referenced election; his/ her period of paid parental leave shall count as service.

An eligible Instructor who takes a paid parental leave during his/ her first four years of service may similarly elect to have the period of the leave serve as a bridge - in the same manner as does unpaid child care leave taken under section 16.9 of the PSC /CUNY collective bargaining agreement - for purposes of the five-year limit on Instructor service and subsequent applicability, if any, of sections 9.8 and 12.6 of the PSC/CUNY collective bargaining agreement. While the eligible employee may discuss his/her options with his/her department chair or unit head prior to the birth or adoption, the election itself may not be made in advance of the birth, adoption or foster care. An eligible Instructor choosing to exercise this option must notify their department chair or unit head and the Director of Human Resources, in writing, within 90 calendar days following the birth, adoption or foster care. No election may be made following the expiration of the 90-day period, and once an election is made, it is irrevocable. The election option is no longer available on or after June 1st of the fourth year of Instructor service. An Instructor who becomes eligible for a paid parental leave on or after June 1st of the fourth year of Instructor service will not be eligible for the above-referenced election; his/her period of paid parental leave shall count as service.

6. Miscellaneous provisions –

- a) One paid parental leave benefit is available per eligible employee per birth, adoption, or foster care event during a 12-month period starting from the birth or placement of child; the number of children involved in the birth, adoption, or foster care does not increase the length of paid parental leave for eligible employees.
- b) Eligible employees will remain on the payroll and continue to be eligible for all applicable benefits.
- c) Paid parental leave taken pursuant to this program will run concurrently with Family Medical Leave Act ("FMLA") leave to the extent that such leave is available to the employee. Employees who access leave benefits under Article 16.8 (Special Leave for Childcare) immediately following paid parental leave are eligible for (1) semester of unpaid leave under the terms of Article 16.8 .
- d) Holidays and/or, for teaching faculty, inter session period(s) (excluding the period of annual leave as defined in Article 14.1 of the PSC/CUNY collective bargaining agreement) that occur while an employee is on paid parental leave do not serve to extend

the period of the leave, but rather are counted as part of the period of paid parental leave.

- e) If an employee has been non-reappointed and the period of his/her current appointment ends while he/she is on a paid parental leave, he/she is not entitled to payment for any unused portion of the leave beyond the period of his/her appointment.
- f) An eligible member of the teaching faculty whose paid parental leave expires mid-semester may return either to teaching or to administrative duties for the balance of the semester, at the discretion of, and as assigned by, the Department Chair after consultation with the employee.
