Dear Blue Jays Families!

We hope you all have had an enjoyable summer. We are so excited to begin our Pre-K year which promises to be full of fun, friendship, learning, and growth. Throughout the month of September will be studying “All About Me!” This will include learning about body parts, the five senses, expressing our feelings, and identifying the feelings of others, including our friends and teachers.

Children will explore a variety of themed hands on activities such as:

- creating self-portraits out of paper plates
- creating name collages using our finger prints
- listening to different tempos of music and asking the children what type of mood the music creates, (happy, sad, excited, scared, etc.)
- measure each child height using yarn and recording the results
- creating a 5 senses sensory bin with different items that children can explore with their senses
- listening to a wide range of All About Me books such as “What I like About Me”, “I like Myself”, “The Way I Feel” etc.

**Important Dates to Remember:**

Fall Festival: October 27th

Location: The Children’s Center
