Welcome back to school!

As we begin the Spring 2022 semester, we would like to welcome new families joining our Green Dino family. I hope you are as excited as I am, as we swing into the new year, with lots of new learning adventures ahead.

As children are coming back to school this month, we are going to rebuild our Green Dino classroom community. We begin with creating a family board in our classroom to learn about one another. Back to school is an important time for children to meet their teachers and make new friends, in a safe and nurturing learning environment.

**EASY ASSIGNMENT:**

Please reply back with photos (at least two) of your family. Green Dino’s classroom will be creating a classroom family board. By having a family board in the room, children can feel welcomed. If they are feeling down, they can stop by the family board and look at their photos. Family board is another way to create a classroom community.
