Schedule Builder will generate a new schedule based on the updates made to the session/semester selections

You can further your filter results by selecting the filter option

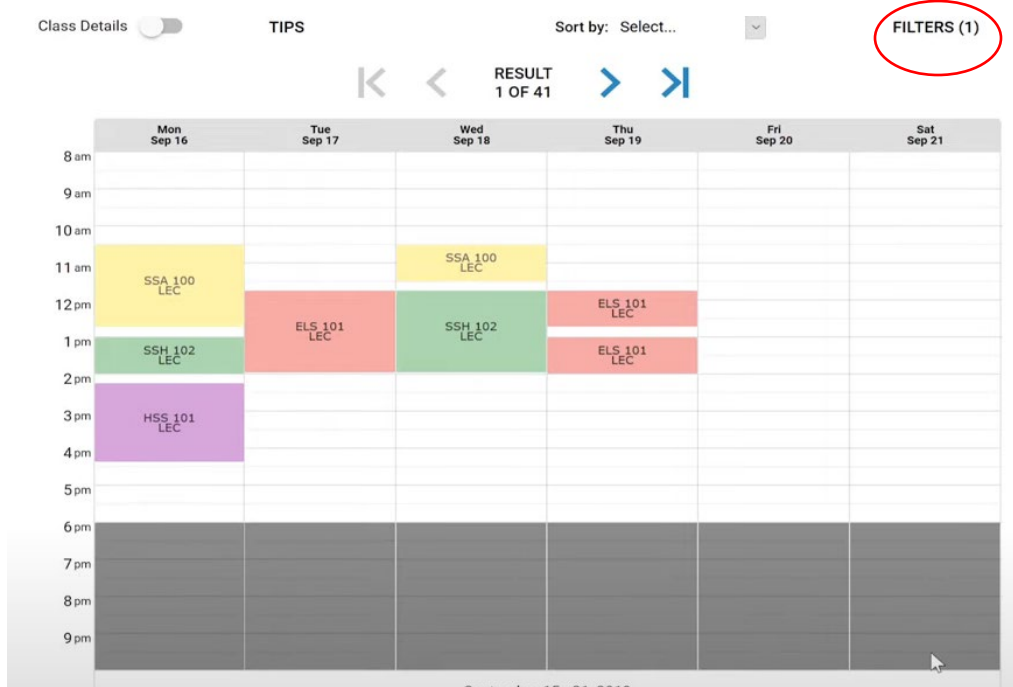

The class details slider option provides more information about a class such as available seats, class location & instructor

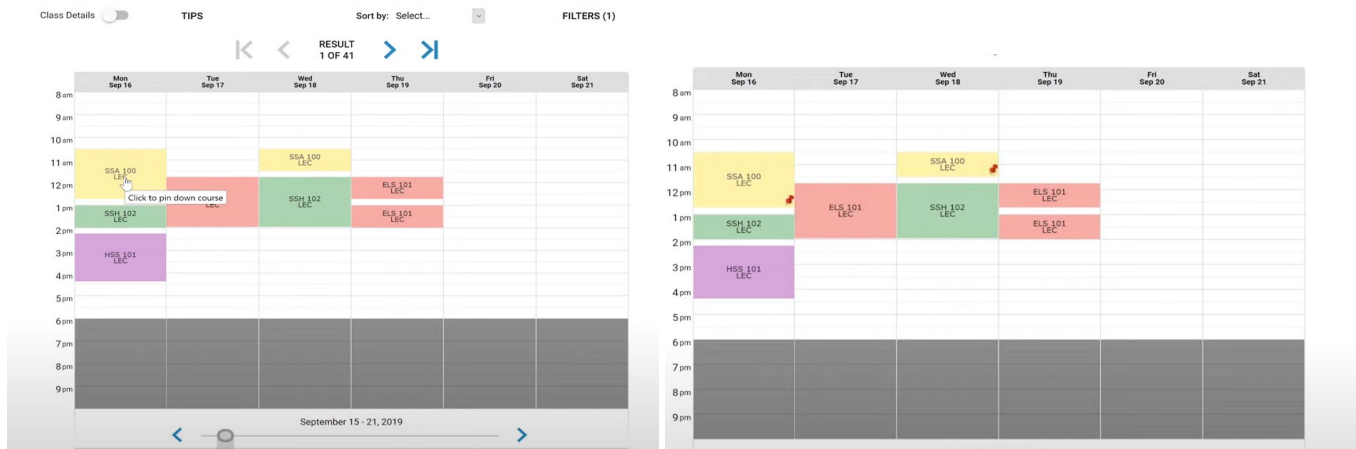

You can choose to block out times you do not wish to be in class by selecting a time slot and dragging to a designated time – or, select the filter option to indicate specific needs.

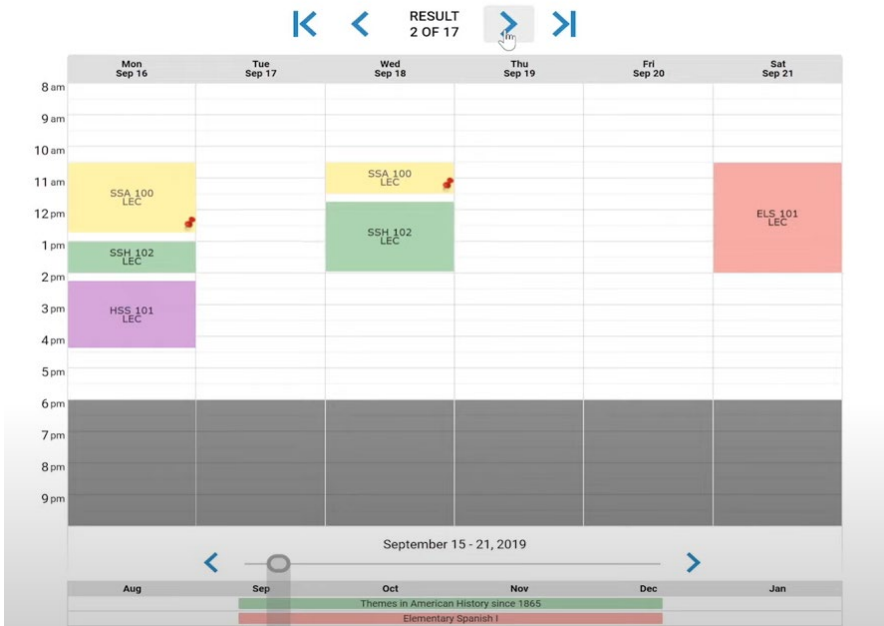

Schedule builder will automatically move all classes out of that time slot if able to create a new schedule view.

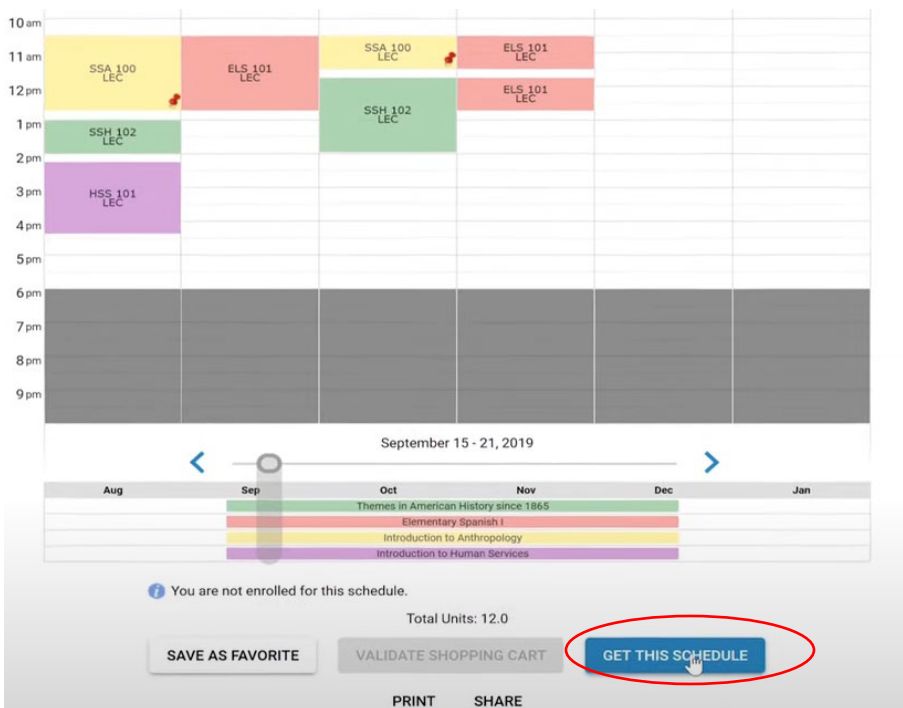

Once you have chosen a class that works for your schedule, pin the class by clicking on it

Schedule builder will create the schedule by further reducing the available options.

Once you are satisfied with the schedule, click on "Get this schedule"

Ensure the 'enroll' option is indicated next to each course
