PROFILE

Hello! My name is Selin Ates and I am a Sophomore majoring in Forensic Science. I am a part of the PRISM Junior Scholars Program, and my interest is in biology and chemistry. I plan on specializing in molecular biology and hope to work at the Office of Chief Medical Examiner. During my free time, I enjoy playing video games, doodling, and binging Netflix or crime podcasts.

My strength lies in Che 103/104 and Mat 242. Feeling overwhelmed, lost, or confused? Are lectures and slides not sticking? Aiming to improve your grade?

Let's root out your confusion and take a hands-on approach to work through problems and concepts together.

COURSES SUPPORTED

- BIO 101, 102, 103, 104
- CHE 101, 102, 103, 104
- MAT 242
