CUNY ALERT

CUNY EMERGENCY NOTIFICATION SYSTEM

The CUNY Alert System enables faculty & staff to receive alerts and timely information regarding all campus emergencies, such as: severe-weather situations, closings, and threats to personal safety.

By signing up online at www.cuny.edu/alert, you can choose how you wish to receive voice or text notifications: cell phone, home phone, e-mail or any combination of these. The web page provides step-by-step instructions for signing up, and the process takes less than two minutes to complete. If you have difficulty signing up for CUNY Alert, contact the DOIT Help Desk at **ext. 8200** or **212-237-8200**.

During any crisis, messages will be transmitted to all members of the College community who have signed up. Please take advantage of this valuable tool. Communication is critical during any type of emergency.

MENTAL HEALTH EMERGENCY/IMMINENT THREAT TO SELF OR OTHERS

To report a Mental Health Emergency/Suicide Attempt and/or Extreme Threat:

- Provide your name, location, telephone number

Remember!

- Take all mental distress/suicide comments very seriously. Assuming that the person is only seeking attention is a very serious and potentially dangerous error.
- Remain calm. The person is already highly distressed, and if you appear shocked by what is said, the person may become more distressed.
Continue to talk to the person as long as there is no imminent threat to yourself or others, but get help immediately.
- Do your best to make the person feel safe and/or keep him/her safe until trained personnel have arrived.
- Keep your own safety in mind. You can be harmed unintentionally as a result of his/her emotional distress.
- The College has a Behavioral Intervention Team (BIT) established to identify, assess, and monitor students displaying moderate to elevated levels of distress or disruption, and/or behavioral dysregulation, including homicidal, suicidal, assaultive or self-injurious threats. BIT can implement timely interventions that protect the welfare of the student and the safety of the College community before a crisis. The Dean of Students chairs BIT.

- Keep together while waiting outside
- Report your room number and any missing people to the emergency response personnel or the Public Safety Officers
- Re-enter the building only when instructed to do so by police, fire, emergency response personnel or Public Safety Officers
- Evacuation techniques are carefully selected, keeping safety in mind. Hazards may exist that you are not aware of, so please follow directions carefully
