

CURRICULUM VITAE

Mechthild Prinz, PhD
Associate Professor
John Jay College of Criminal Justice
Department of Sciences
524 W. 59th St., New York, NY 10019

phone: 212 621 3751
email: mprinz@jjay.cuny.edu

Professional experience

- 2013 – present **Associate Professor and Director of the Master’s Program in Forensic Science**, John Jay College of Criminal Justice, Dept. of Sciences
Member of the Doctoral Faculty of the John Jay and CUNY Graduate Center PhD program in Criminal Justice
Teaching and research on topics relevant to biology, forensic science, and forensic biology. Research mentor for undergraduate and graduate students.
- 2006 – 2013 **Director**, Office of the Chief Medical Examiner, Dept. of Forensic Biology
Responsible for overall laboratory administration and compliance with all applicable accreditation and quality assurance standards. Actively directed casework, training, validation, and research aspects of DNA testing on evidence in criminal casework, for body identifications, and genetic predisposition for sudden unexplained death syndromes.
- 1999 - 2006 **Assistant Director**, Office of the Chief Medical Examiner, Department of Forensic Biology
Managed and reviewed DNA case work in connection with homicides, rape cases, body identifications and other criminal cases processed using a variety of methods including mitochondrial DNA and low template DNA testing. Research coordinator responsible for validation and implementation of new technologies, including the disaster victim identification of the 9/11 World Trade Center attack and American Airline flight 587.
- 1995 - 1999 **Forensic Scientist (Criminalist IV)**, Office of the Chief Medical Examiner, Department of Forensic Biology
Supervised and performed DNA case work in connection with homicide and rape cases; served as expert witness in court. In charge of the validation and implementation of various STR multiplexes including establishment and testing of relevant allele frequency databases for all autosomal and Y-chromosomal polymorphisms.
- 1994 - 1995 **Postdoctoral Research Fellow** at the Office of Chief Medical Examiner, Department of Forensic Biology
Research projects involved direct sequencing of autosomal microsatellite alleles and Y chromosome specific STRs.
- 1987 - 1994 **Research Scientist** at the Institute of Legal Medicine, University of Cologne; Head of the DNA laboratory; Established and managed a laboratory for forensic DNA analysis (paternity and identity testing) using RFLP and PCR techniques.
- 1986 **Research Assistant** at the Institute of Legal Medicine, University of Cologne; Assisted with a research project on prescription drugs and traffic safety

1985 **Consultant** for the Office for Environmental Protection, City of Cologne

1984 **Teaching Assistant** at the Botanical Institute, University of Cologne

Education

1987-1991 **University of Ulm, Germany**, Department of Anthropology, PhD in Human Biology

1977-1985 **University of Cologne, Germany**, M. Sc. in Biology

Professional Affiliations

International Society for Forensic Genetics (Vice President)

American Association of Forensic Scientists (Fellow)

American Society of Crime Laboratory Directors (Academic Member)

German Society for Legal Medicine

North Eastern Association of Forensic Scientists

Biology DNA Interpretation and Reporting Subcommittee of the NIST Organization of Scientific Area Committees (Co-Chair)

Editorial Boards

Journal of Forensic Sciences

Forensic Science International Genetics

(Guest peer reviewer for International Journal of Legal Medicine, Electrophoresis, Nature Scientific Reports, PlosONE, Science and Justice, Rapid Communications in Mass Spectrometry)

Teaching

Graduate level classes on forensic biology, forensic genetics, scientific writing, professional issues including quality assurance and ethics.

Workshops taught and Oral Presentations (since 2014)

2018

- Accepted Oral: Optimized Recovery of DNA and Protein Components from Contact Traces on Cartridge Cases. American Academy of Forensic Sciences. February 23, 2018; Seattle WA
- Invited Lecture: Emerging Technologies, Best Practices, and the Role of Forensic Genetics in Disaster Victim Identification. Asian Forensic Science Network. September 5, 2018; Beijing, PR China

2017

- Invited lecture: Disaster Victim Identification using DNA: processes and lessons learned after the WTC attack on 9/11. John Jay Science Department Graduate Program Seminar Series; March 16, 2017; John Jay College, New York, NY
- Invited Lecture: DNA Evidence in Court – Considerations on DNA Background and Transfer. IV. International Symposium on Human Identification; May 5, 2017; Rio de Janeiro, Brazil
- Invited Lecture: Forensic Genetics – Scientific and Legal Challenges in Criminal Casework. SciLifeLab The Svedberg Seminar Series; May 22, 2017; Uppsala University, Sweden
- Invited Lecture: Combining Mass Spectrometry Protein Analysis and DNA PCR-STR Testing for Contact Traces. SCiX October 11, 2017; Reno, NV

2016

- Invited Lecture: Update on the work of the OSAC Biology Data Reporting and Interpretation Committee; American Academy of Forensic Sciences. February 22, 2016; Las Vegas, NV
- Breakfast Seminar Speaker: Experience of being part of an OSAC Subcommittee; American Academy of Forensic Sciences. February 24, 2016; Las Vegas, NV

- Panel Participant: End the Rape Kit Backlog. Panel organized by John Jay Forensic Science Honors Students; March 14, 2016; John Jay College, New York, NY
- Invited Lecture: Trace DNA Transfer and Probative Value; Forensic Analysis of Human DNA Gordon Research Conference. Advancing Fundamental Technologies from the Crime Lab to the Crime Scene. June 19-24, 2016; Waterville Valley, NH
- Invited Lecture: Procedural and Scientific Concerns with Sexual Assault Casework in the US. The 4th International Symposium on Forensic DNA in Law; July 1, 2016; Seoul, Republic of Korea

2015

- Invited Lecture: 9/11 – When tragedy forges the path to unite a nation. 2nd Forensic Science Symposium 2015; April 7, 2015; Natural Sciences Research Institute, University of the Philippines, Manila
- Workshop: Hands on training for DNA Forensic Scientists at the 2nd Forensic Science Symposium 2015; April 8-10, 2015; Natural Sciences Research Institute, University of the Philippines, Manila
- Workshop: Advanced Topics for Human Identification and Data Interpretation. December 1-4, 2015; Center for Forensic Science Research and Education Philadelphia, PA
- Invited lecture: The towel defense: or the case against DNA. John Jay Science Department Graduate Program Seminar Series; December 10, 2015; John Jay College, New York, NY

2014

- Workshop: Current and Next Generation Methods in Forensic Genetics; April 14-17, 2014; State University of Rio de Janeiro Rio de Janeiro, Brazil
- Oral presentation: The towel defense: or the case against DNA. Green Mountain DNA Conference; July 28-30, 2014; Burlington, VT
- Panel participant: The Science of Justice: A Matter of Opinion? World Science Festival; September 10, 2015; Cardozo Law School, New York, NY
- Workshop: Advanced Topics for Human Identification and Data Interpretation. Center for Forensic Science Research and Education; December 2-5, 2014; Philadelphia, PA

Training Received

Workshop on: Probabilistic Genotyping Workshop on The Use of the Open Source Software LRmix Studio and EuroForMix, 27th Congress of the International Society for Forensic Genetics
Seoul, Republic of Korea, August 2017

Workshop on: DNA Activity Level Interpretation. Nederlands Forensic Institute
Den Haag, The Netherlands, November 2016

Workshop on: Beyond DNA-profiling: RNA-profiling, transfer and persistence – what is it and how did it get there?, 26th Congress of the International Society for Forensic Genetics
Krakow, Poland, September 2015

DNA Auditing using the FBI Quality Assurance Standard Training
FBI Academy Quantico, VA, USA, 2002 and 2004, New York, NY, USA, 2009,
Forensic Management Academy, West Virginia University Center for Executive Education
Morgantown, WV, April 2009

ASCLD/LAB Inspector training and ASCLD/LAB ISO preparation class
St. Paul, MN, 1998 and Queens, NY, USA, 2008

DNA Mixture Statistics Workshop, 22nd Congress of the International Society for Forensic Genetics
Copenhagen, Denmark, September 2007

Mitochondrial DNA Workshop, 10th International Symposium on Human Identification
Orlando, FL, USA, September 1999

Bloodstain Pattern Workshop, NYPD Laboratory
Queens, NY, May 1998

Statistics training for DNA Scientists, Division of Criminal Justice Services
Albany, NY, November 1997

Schneider, A. Sajantila, C. Tyler-Smith, DNA commission of the International Society of Forensic Genetics: Recommendations on forensic analysis using Y-chromosome STRs. *Int. J. Legal Med.* 114 (2001) 305-309.

Journal Series edited

1. S.H. Lee, S.D. Lee, H.Y. Lee, **M. Prinz** (eds). Proceedings of the 27th World Congress of the International Society for Forensic Genetics (ISFG). Forensic Science International Genetics Supplement Series 6 (2017) e1-e612
2. W. Branicki, T. Kupiec, **M. Prinz** (eds). Proceedings of the 26th World Congress of the International Society for Forensic Genetics (ISFG). Forensic Science International Genetics Supplement Series 5 (2015) e1-e680.

Book reviews

1. **M. Prinz**, Review of: “DNA Analysis for Missing Person Identification in Mass Fatalities”, A. Sozer. (2014) in: J. Forensic Sci. 61 (2016) 1697.
2. **M. Prinz**, Review of “Forensic DNA Analysis: Current Practices and Emerging Technologies”, J. G. Shewale, R.H. Liu, Editors. (2014) in: J. Forensic Sci. 59 (2014) 1168.
3. **M. Prinz**, Review of “Nonhuman DNA Typing: Theory and Casework Applications”, H. Miller Coyle, Editor. (2008) in: J. Forensic Sci. 53 (2008) 1241.

Submissions to conference proceedings (post 2002; all available online)

1. M. Habib, A. Pierre-Noel, F. Fogt, Z. Budimlija, **M. Prinz**. Direct amplification of biological evidence and DVI samples using the Qiagen Investigator 24plex GO! Kit. Forensic Sci. Int. Genet. Suppl. Ser. 6 (2017) e208-e210.
2. S. Kranes, S. A. Sterling, K. Mason, D. Anex, B. Hart, G. Parker, **M. Prinz**. Simultaneous DNA and protein extraction using trypsin. Forensic Sci. Int. Genet. Suppl. Ser. 6 (2017) e203-e204.
